The Marshal's Department is requesting Taser's for each car individually. Taser's are a "less lethal" alternative utilized by the police departments throughout the county and currently the officers on Duty carry one, but by providing 7 more each car can have one that is in the vehicle permanently. Todd is changing the Standard Operating Procedure for the department making them available in the vehicle at all times to provide that "less lethal" option.

Funds are available in the Law Enforcement Continue Ed and Supplies line item for this purchase and I recommend approval.

Pete Olson
Town Manager
