

PROPOSAL

Issue:

The trees along SR32 continue to grow and are too big for the safe installation of our seasonal holiday lights and also are blocking signage through downtown.

Proposal:

We received the following quote from Josh Newsome's Tree Surgery to trim back the street trees through downtown. He will wait until late winter/early spring once the lights are removed.

Cost:

\$7000.00

Cost to be paid from MVH Other Services and Charges 2201001339
