

PROPOSAL

Issue:

An area along W. Jackson Street in Cammack continually experiences flooding problems and requires drainage improvements.

Proposal:

BF&S has submitted a supplement to their proposal from August 2024 to expand that agreement to include final design, utility coordination, preparation of contract drawings and estimates, bidding assistance, and construction inspection for the project.

Cost:

Not to exceed \$37,000.00

Cost to be paid from Sewer Professional Services 6201001338
