

PROPOSAL

Issue:

The hydraulic tools used by the Fire Department have many years of service on them and are due for an upgrade.

Proposal:

Citizens First Fire Training is an Amkus dealer and has submitted the following quote. They will give us a \$10,500 credit for our old tools. This purchase will standardize all the tools in our fleet to electric and eliminate the hydraulic hoses, pumps, and hydraulic based tools. We will also save on annual maintenance costs.

Cost:

\$22,417.00

Cost to be paid from Cumulative Fire Machinery Equipment & Vehicles 410001444
